

Continued Success

As we go into the 8th year of the Hole-In-One Foundation golf event we wanted to provide everyone an overview of the tremendous success and heartwarming donations we have provided. Our Board Members are 100% volunteer. We work hard to plan and coordinate our events and collaborate ideas of how we can continue to disburse monetary donations to those in need each and every day!

Since the start of the foundation in 2017, we have grown to include ND gaming within our foundation. The gaming provides us additional funds to be able to donate out daily from applications received. Dating to the start of the foundation, we've donated over \$250,000! The funds raised during our annual golf event allows the foundation to give back and provide a fun filled day event & host for a family or individual with a major need within our community. As always, you can find and complete our request form on our website: www.holeinonefoundation.org. We wouldn't be able to continue our mission: "To serve God by providing relief to others who have been burdened by a major life changing event", without those who continue to spread the word and be part of our events each year!

We hope this letter can help everyone better understand the Hole-In-One Foundations history and hard work we put into this amazing local charity so we're able to continue to positively touch lives in our community.

We hope to see you August 19th, 2023 @ the Oakes Golf Club!

God Bless,

Anthony Bruhn

President, Hole-In-One Foundation 501(c)(3)
